

## Access to Cancer Care For Low-Income and Uninsured Patients in Galveston County

- [\*I want to be checked for cancer. Where do I go?\*](#)
- [\*I have been told I have cancer. Where do I go?\*](#)
- [\*Where can I learn more about cancer?\*](#)

### I want to be checked for cancer. Where do I go?

If you want to be checked for cancer and:

- You live in Galveston County
- You make a low income
- You do not have health insurance
- You cannot get Medicare or Medicaid

You may be able to get help through one of the programs listed below. Each one may have different rules about how you qualify and apply for services, so call the number listed for more information.

### Galveston County Indigent Health Care Program

If you live in Galveston County you may be able to get help through the **Galveston County Indigent Health Care Program**. The program ensures that needy Galveston county residents, who do not qualify for other state or federal health care assistance programs, receive health care. If you are a Galveston county resident who is determined to be at the 100% poverty level or less you may be eligible for this program. CIHCP covers the cost of medically necessary services, such as hospital or specialist care that requires a referral. This program does not pay for primary care, which is funded and available through Coastal Health & Wellness.

For more information, call the number, e-mail, go by one of the offices, or visit the website listed below:

**Galveston County Indigent Health Care Program (GCIHCP)**

9850-C Suite 101

Emmett F. Lowry Expy

Texas City, TX 77591

409-949-3439

countyindigent@gchd.org

<https://www.gchd.org/county-indigent-health-care/about-county-indigent-health-care-program>

You may also mail your completed application to:

**GCIHCP**

P.O. Box 939

La Marque, TX 77568

**Federally Qualified Health Centers**

If you cannot get help from the Indigent Health Care Program, you may be able to see a doctor at a Federally Qualified Health Center (FQHC) clinic that will let you pay on a **"sliding scale."** This means that the amount of money you pay is based on how many family members live in your house and how much money you make. For example, if you have a big family and make just a little money, you would pay less for medical care. If you have a smaller family or make a little more money, you would pay a little more.

For more information and to find the nearest clinic, call the numbers below. Clinics that see adult patients are listed alphabetically by city and clinic name.

## For Women

Women who want to get checked for **cervical cancer or breast cancer** may be able to get help through a special program called **Breast and Cervical Cancer Services (BCCS)**. The Breast and Cervical Cancer Services program services include:

- Screening services
  - Clinical breast examination
  - Mammogram
  - Pelvic examination and Pap test
- Diagnostic services
- Cervical dysplasia management and treatment
- Help applying for Medicaid for Breast and Cervical Cancer

You may receive these benefits if you:

- Are a female.
- Are a resident of Texas.
- Are 18 or older.
- Don't have health insurance.
- Meet income requirements (200% Federal Poverty Level)

If you have been diagnosed with breast or cervical cancer and don't have health insurance that will pay for your treatment, you may be eligible to receive full Medicaid benefits by applying for Medicaid for Breast and

Cervical Cancer. Contact a Breast and Cervical Cancer Services clinic to see if you qualify for this Medicaid program.

For more information, visit <https://www.healthytexaswomen.org/bccs-program> or call **2-1-1**.

You may also call or visit one of the following BCCS clinics in or near **Galveston County**. Clinics are listed alphabetically by city and clinic name.

## Project VALET (Free Breast Cancer Screening)

**Project VALET** (Providing Valuable Area Life-Saving Exams in Town) is a mammography education and screening program of [The University of Texas MD Anderson Cancer Center](#) for asymptomatic women ages 40 to 74, who are uninsured, without county assistance and who are patients in participating clinics. Project VALET (PV) addresses barriers of cost and transportation by bringing free mobile mammography to the communities where eligible women reside. Project VALET also provides women with necessary follow-up diagnostic testing if needed, made possible through partnerships with participating facilities.

### How to Get a Screening Mammogram

**1) To participate in this program, schedule an appointment with one of the following participating clinics. Clinics are listed alphabetically by city and clinic name.**

**CHRISTUS Point of Light Clinic**

2401 Termini Street  
Dickinson, TX 77539  
713-803-1830

<https://www.christusfoundation.org/programs/christus-point-light-clinic/>

**2) Receive breast health education, at one of the participating clinics to learn what to expect at a mammogram and the importance of early detection for breast cancer.**

**3) Call and schedule the screening mammogram.**

Should diagnostic test(s) be required, patients will be referred to a participating organization that provides services to low-income and uninsured women. Diagnostic exams are paid through Project VALET for women who received a screening mammogram through this program.

For more information on Project VALET, visit <https://www.texasancer.info/breast/>.

[Back to the Top](#)

## Galveston County Health District, D'Feet Program

**D'Feet Breast Cancer, Inc.** is a non-profit organization that gives **free mammograms (breast cancer**

**screenings)** and any necessary follow up care to uninsured and underserved Galveston County women.

In order to qualify for this program you must:

- Be a resident of Galveston County
- Be 40 - 64 years old
- Have a high risk for breast cancer
- Have no insurance
- Meet certain income guidelines

Free transportation can be provided if needed

For more information and scheduling call:

**D'Feet Breast Cancer, Inc.**

(409) 938-2270 or **24 hour hotline:** (409) 771-5574

<https://www.gchd.org/public-health-services/environmental-health-services/woman-s-health-services>

## Healthy Texas Women

Healthy Texas Women is a program dedicated to offering women's health and family planning at no cost to eligible women in Texas.

Healthy Texas Women provides a wide variety of women's health and core family planning services, including pelvic examinations, breast and cervical cancer screenings, clinical breast examination, mammograms, and other services.

The program pays only for specific services. If a health problem such as cancer is found, you will be referred to a doctor or clinic that can treat you. You can receive these benefits if you:

- Are a woman between the ages of 18 to 44 years old. (Women are considered 18 years of age on the day of her 18th birthday and 44 years of age through the last day of the month of her 45th birthday.)
- Are a woman between the ages of 15 to 17 years old and have a parent or legal guardian apply, renew, and report changes to your case on your behalf. (Women are considered 15 years of age the first day of the month of her 15th birthday and 17 years of age through the day before her 18th birthday.)
- Are a U.S. citizen or legal immigrant.
- Are a resident of Texas.

- Don't have health insurance.
- Are not pregnant.
- Meet the income requirements - monthly family income below 200% Federal Poverty Level. (See website for details.)

For more information, visit the website at <https://www.healthytexaswomen.org/healthcare-programs/healthy-texas-women/htw-who-can-apply> or call 2-1-1. Pick a language and then press 2. If you can't connect to 2-1-1, call 1-877-541-7905 (toll-free).

[Back to the Top](#)

## Other Screening Programs

### Free Colorectal Cancer Screening

Colorectal cancer is the second leading cause of cancer deaths in Texas, but the number of people dying from this disease is dropping. One reason may be that colorectal cancer can be prevented by screening people who do not have any symptoms of cancer.

[The University of Texas MD Anderson Cancer Center](#) is working with primary care clinics to get this life-saving screening to patients in Texas communities who are not otherwise able to afford or access it.

The FIT stool test is a colon cancer screening exam you can do at home. It is easy and it may save your life. To get a free FIT test through this program you should:

- Have a low-income and no medical insurance
- Be between 45 and 75 years old
- Not have any symptoms of colorectal cancer (rectal bleeding or blood in stool, persistent changes in bowel habits, unexplained weight loss)
- Not have inflammatory bowel disease (acute diarrhea, colitis, diverticulitis, Crohn's disease or ulcerative colitis)

If your FIT test from a participating clinic shows that you have blood in your stool, you will be offered a free colonoscopy.

Contact a clinic from the list, below, to find out if you qualify to receive the free FIT colon cancer test. Patients who have already been diagnosed with colorectal polyps or cancer, or who have family members with colon polyps or colon cancer, should talk to a health care provider at the clinic about screening options. Clinics are listed alphabetically by city and clinic name.

These projects are funded in part by the [Cancer Prevention and Research Institute of Texas \(CPRIT\)](http://www.texascancer.info/prevscreentreat/colonscreen.html). For more information, visit <https://www.texascancer.info/prevscreentreat/colonscreen.html>.

<p><b>Community Health Network - Bay Area Family Care</b> 1136 Grand Ave Bacliff, TX 77518 281-824-1480 <a href="https://mychn.org/locations/bay-area-family-care/">https://mychn.org/locations/bay-area-family-care/</a></p> 	<p><b>CHRISTUS Point of Light Clinic</b> 2401 Termini Street Dickinson, TX 77539 713-803-1830 <a href="https://www.christusfoundation.org/programs/christus-point-light-clinic/">https://www.christusfoundation.org/programs/christus-point-light-clinic/</a></p>

[Back to the Top](#)

## Appointments

When you go for your appointment, be sure to bring any medical records you have. This information will help the doctor understand your needs better. For example, bring:

- Results of past medical or lab tests
- Records of any treatments you have had
- A list of any medicines you are taking right now

[Back to the Top](#)

## What if I still cannot get help for cancer care?

If you cannot get help from the county program or a Federally Qualified Health Center, you may want to call one of the hospitals below.

The National Cancer Institute (NCI) has named four cancer centers in Texas as leaders in cancer research. Two centers are in Houston, one is in Dallas and one is in San Antonio. These centers focus on finding new treatments for cancer through clinical trial testing. To find out more, visit the websites or call the numbers below:

**The Dan L. Duncan Cancer Center at Baylor College of Medicine** (713) 798-1354

<https://www.bcm.edu/centers/cancer-center/>

**Harold C. Simmons Cancer Center at UT Southwestern Medical Center**

214-645-8300 or 817-882-2700

<https://utswmed.org/cancer/>

**The University of Texas MD Anderson Cancer Center**

1-877-MDA-6789 (1-877-632-6789)

<https://www.mdanderson.org/about-md-anderson/contact-us.html>

**UT Health San Antonio MD Anderson Cancer Center**

1-800-340-2872 or 210-450-1000

<https://www.uthscsa.edu/patient-care/cancer-center>

You may want to contact other hospitals in your area that may also treat low-income or uninsured patients. You would need to contact each hospital to find out if you can make an appointment to be seen. Please visit the Texas Cancer Information Hospitals page at <https://www.texasancer.info/prevscrtreat/hospitals.html> to search for a hospital in your area that does cancer screening, diagnosis, treatment or continuing care.

[Back to the Top](#)

## Where can I learn more about cancer?

- There are many groups that help cancer patients. These groups may offer financial assistance, support services or free information about cancer. You can get a list of these groups from the National Cancer Institute by clicking on or typing in the following link:

<https://supportorgs.cancer.gov/>

You may also call the **[National Cancer Institute's Cancer Information Service \(CIS\)](#)** at **1-800-4-CANCER (1-800-422-6237)**.

- The **American Cancer Society (ACS)** also has support groups and information about cancer. You may call **1-800-227-2345** or go to the website: <https://www.cancer.org/>
- **LIVESTRONG** has information about financial assistance and support groups. Call **1-855-220-7777** or visit the website: <https://www.livestrong.org>
- **Susan G. Komen for the Cure** is a breast cancer helpline. Call **1-877-456-6636 (1-877-GOKOMEN)** or visit the website: <https://www.komen.org>
- Visit the **Texas Cancer Information (texascancer.info)** website at <https://www.texascancer.info/> for lists of doctors, hospitals, breast, colon and skin cancer screening services and hospices. You can find support, counseling, education and other help such as transportation, housing and medical equipment by clicking on [Find Cancer Services](#).

[Back to the Top](#)

## I have been told I have cancer. Where do I go?

If you have been told that you need treatment for cancer and:

- You live in Galveston County
- You make a low income
- You do not have health insurance

- You cannot get Medicare or Medicaid

You may be able to get help through one of the programs listed below. Each one may have different rules about how you qualify and apply for services, so call the number listed for more information.

## Galveston County Indigent Health Care Program

If you live in Galveston County you may be able to get help through the **Galveston County Indigent Health Care Program**. The program ensures that needy Galveston county residents, who do not qualify for other state or federal health care assistance programs, receive health care. If you are a Galveston county resident who is determined to be at the 100% poverty level or less you may be eligible for this program. CIHCP covers the cost of medically necessary services, such as hospital or specialist care that requires a referral. This program does not pay for primary care, which is funded and available through Coastal Health & Wellness.

For more information, call the number, e-mail, go by one of the offices, or visit the website listed below:

## Appointments

When you go for your appointment, be sure to bring any medical records you have. This information will help the doctor understand your needs better. For example, bring:

- Results of past medical or lab tests
- Records of any treatments you have had
- A list of any medicines you are taking right now

## What if I still cannot get help for cancer care?

If you cannot get help from the county program or a Federally Qualified Health Center, you may want to call one of the hospitals below.

The National Cancer Institute (NCI) has named four cancer centers in Texas as leaders in cancer research. Two centers are in Houston, one is in Dallas and one is in San Antonio. These centers focus on finding new treatments for cancer through clinical trial testing. To find out more, visit the websites or call the numbers below:

**The Dan L. Duncan Cancer Center at Baylor College of Medicine** (713) 798-1354  
<https://www.bcm.edu/centers/cancer-center/>

**Harold C. Simmons Cancer Center at UT Southwestern Medical Center**  
214-645-8300 or 817-882-2700  
<https://utswmed.org/cancer/>

**The University of Texas MD Anderson Cancer Center**  
1-877-MDA-6789 (1-877-632-6789)  
<https://www.mdanderson.org/about-md-anderson/contact-us.html>

**UT Health San Antonio MD Anderson Cancer Center**  
1-800-340-2872 or 210-450-1000  
<https://www.uthscsa.edu/patient-care/cancer-center>

You may want to contact other hospitals in your area that may also treat low-income or uninsured patients. You would need to contact each hospital to find out if you can make an appointment to be seen. Please visit the Texas Cancer Information Hospitals page at <https://www.texasancer.info/prevscrntreat/hospitals.html> to search for a hospital in your area that does cancer screening, diagnosis, treatment or continuing care.

## Where can I learn more about cancer?

- There are many groups that help cancer patients. These groups may offer financial assistance, support services or free information about cancer. You can get a list of these groups from the National Cancer Institute by clicking on or typing in the following link:

<https://supportorgs.cancer.gov/>

You may also call the [National Cancer Institute's Cancer Information Service \(CIS\)](#) at **1-800-4-CANCER (1-800-422-6237)**.

- The **American Cancer Society (ACS)** also has support groups and information about cancer. You may call **1-800-227-2345** or go to the website: <https://www.cancer.org/>
- **LIVESTRONG** has information about financial assistance and support groups. Call **1-855-220-7777** or visit the website: <https://www.livestrong.org>
- **Susan G. Komen for the Cure** is a breast cancer helpline. Call **1-877-456-6636 (1-877-GOKOMEN)** or visit the website: <https://www.komen.org>
- Visit the **Texas Cancer Information (texascancer.info)** website at <https://www.texascancer.info/> for lists of doctors, hospitals, breast, colon and skin cancer screening services and hospices. You can find support, counseling, education and other help such as transportation, housing and medical equipment by clicking on [Find Cancer Services](#).
