Access to Cancer Care For Low-Income and Uninsured Patients in Mason County

I want to be checked for cancer. Where do I go?

If you want to be checked for cancer and:
- You live in Mason County
- You make a low income
- You do not have health insurance
- You cannot get Medicare or Medicaid

You may be able to get help through one of the programs listed below. Each one may have different rules about how you qualify for services, so call the number listed for more information.

🌟 Mason County Indigent Health Care Program

If you live in Mason County you may be able to get help through the Mason County Indigent Health Care Program. You will need to fill out a form and show certain documents, such as a water bill, your mortgage or rent papers, or your driver's license to prove that you live in Mason County.

You do not have to be a U.S. citizen to get help. But if you have any documents (like visas) from Immigration and Naturalization Services (INS), you must show these. You will also need to tell how many family members live in your house. You will have to show how much money you make, so you also may need to show a paycheck stub.

For more information, call the number or go by the office listed below:

Mason County Indigent Health Care Program
PO Box 1726
Mason, TX 76856
(325) 347-6000

🌟 Federally Qualified Health Centers

If you cannot get help from the Indigent Health Care Program, you may be able to see a doctor at a Primary Care clinic that will let you pay on a "sliding scale." This means that the amount of money you pay is based on how many family members live in your house and how much money you make. For example, if you have a big family and make just a little money, you would pay less for medical care. If you have a smaller family or make a little more money, you would pay a little more.

For more information and to find the nearest clinic, call the numbers below:

🌟 The Good Samaritan Center

The Good Samaritan Center of Fredericksburg serves the low-income, uninsured and underinsured residents of the Texas Hill Country with affordable cancer screenings. The patient's cost is $15 to $25 per visit, depending upon their family income. Laboratory fees, x-rays, and other tests are additional, although they are offered at a 95% discount. The center provides what medicines it can at no cost and continues to add new services as needs demand, and time and finances permit. Different screenings are different prices.

For Women

Women who want to get checked for cervical cancer or breast cancer may be able to get help through a special program called Breast and Cervical Cancer Services (BCCS).

- To have a pap test for cervical cancer, you must be 18 to 64 years old.
- To have a mammogram (breast cancer test), you must be 50 to 64 years old.
- You will need to show how much money you make, so you may be asked to show a paycheck stub.

Call one of the clinics below to see about making an appointment:

For Appointments

When you go for your appointment, be sure to bring any medical records you have. This information will help the doctor understand your needs better. For example, bring:

- Results of past medical or lab tests
- Records of any treatments you have had
- A list of any medicines you are taking right now
